WELCOME LETTER FROM THE OWNER

Dear Parents,

Welcome to the Fitwize 4 Kids After School Program (ASP). Our philosophy is centered around our 5 pillars of leading a healthy lifestyle: Fitness, Nutrition, Academic Support & Technology Center, Character Education and Community Service (INSPIRE Program). We include indoor and outdoor activities, free time and Fun Fridays. Our program is designed to be safe, fun and to meet the needs and interests of our school-age children.

Our fitness program will focus on one-hour of fitness each day, to include a variety of activities incorporating circuit and strength training and cardiovascular games. Our hands-on nutrition program concentrates on the balance of good nutrition and fitness; this makes learning about nutrition simple and fun while children explore the importance of healthy eating habits.

We make homework a priority as we allocate 45-minutes towards it, Monday-Thursday. If homework is completed early, we offer our technology center, which includes internet access to county-approved educational websites and a STEAM activity center. Open gym time is provided daily for indoor and outdoor activities. This helps to balance academic & non-academic opportunities as we believe children need time to just be kids.

To add variety to our program, we offer Fun Fridays, which includes fun activities related to our INSPIRE Community Service Program, as well as our Character Education program. Please refer to #4 in our Handbook for details about these programs. Open Gym and other fun activities will also be offered on Fun Fridays.

Please don't hesitate to contact us if you have any questions about the program. The most important thing to ensure a successful program is the open communication between you, the parents, and our staff. You will always be welcome to visit the center and we welcome all feedback and suggestions. We look forward to our relationship with you and your children during the school year, and hope you consider other programs Fitwize 4 Kids has to offer your family.

Best regards,

Karen Mitchell
Owner/Operator, Fitwize 4 Kids Ashburn

- If LCPSs remain open until the scheduled dismissal time, we will provide care as scheduled.
- If LCPSs have an early closure, we'll pick-up students at the time of early dismissal and provide care. Your child MUST travel home according to the early dismissal instructions in their school file.
- If LCPSs are closed and road conditions are not severe, we will provide care for an additional daily rate. Parents will be notified via email of our daily camp program, and registration must be completed online no later than 8am to ensure proper staffing. A minimum of 6 families must be enrolled in order for the program to be offered for an additional daily rate (see section #7).
- Fitwize follows the federal government closures.

6. Description of Activities

Snack: A healthy snack will be provided. Parents must inform staff of all food allergies in writing. If your child has special dietary requirements, you should provide an acceptable snack for your child.

Homework: Staff will be available to assist with homework; however, we do not provide one-on-one tutoring during the 45-minute designated time. Please check with your child to ensure they have completed their homework.

Circuit Training: is designed to provide a low-intensity, highly achievable experience and to allow for motor skill development. Training includes:

- a. Warm-up: exercises will include cardiovascular, calisthenics & stretching.
- b. Circuit Training: benefits consists of strength, core/functional and cardio training.

Resistance/Strength Training

We help children develop strong, functional musculoskeletal systems in order to perform physical activities with increased level of success and lower risk of injury. The best way to build strength is through strength training. This is a planned and progressive system for exercising with appropriate resistance, which gradually increases as the musculoskeletal system grows stronger. Benefits of strength training include:

- Improved body composition
- Increased self-esteem
- Improved academic performance
- Increased physical activity
- Psychological stability
- Overall health stabilization

Core/Functional Training

Core and dynamic movements result in agility—improved reactionary forces where your body can move quickly and efficiently. Exercises help to improve posture and alignment as well as challenging balance and equilibrium. Training combines strength, balance, agility and flexibility

of muscles that control the entire trunk/spine. Regular conditioning prevents injuries, correcting posture and becoming more efficient. Core training is about QUALITY, not quantity.

Cardiovascular Training

This training uses large muscle groups in a continuous, rhythmic fashion for sustained periods of time that will help to provide more energy and higher endurance. We provide running, walking, aerobics and cycling in our cardio training. Cardio training can help children lower the risk of becoming overweight and developing heart disease, Type II diabetes and hypertension.

- c. Obstacle course: This includes running, weaving, jumping, tumbling and balancing elements with the aim of testing speed, agility and endurance.
- d. Cool-down: Once circuit training is complete, the child is guided to allow their heart rate and breathing to lower to a comfortable level. Light aerobic exercises are offered to cool-down.

Nutrition Education: A healthy lifestyle includes a balance of good nutrition and fitness. Our certified nutritionist will teach life-long benefits of eating right and living a healthy lifestyle using hands-on activities.

Organized Indoor/Outdoor Activities: Includes non-competitive team sports, games, arts and crafts, and other projects that encourage children to use team skills, be creative and challenge themselves.

Free Time: A variety of board and card games, arts and crafts, books, group games and other activities will be available.

Fitness Classes and Clubs: are run by certified instructors. Ex. Book club, garden club, running club, etc.

Fitwize Bucks: Students earn 1 buck for attendance. Additional bucks will be awarded for exemplary behavior and deducted for inappropriate behavior and rule violations. Earned bucks are traded for prizes.
